## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Specification***

2. This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b). An abstract on a separate sheet is required.
3. Claims 1-31 are objected to because of the following informalities: the numbers for the reference elements of the figures are included in the claims. Examiner suggests the numbers be omitted for added clarity and easy reading of the claims. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-31 are rejected under 35 U.S.C. 102(b) as being anticipated by Markowitz (US 5,513,254).
6. With regard to claims 1-31, Markowitz either explicitly or inherently discloses all of the limitations which is evidenced by the fact that Markowitz teaches a facsimile
